Primary Care Development Project Template word

Primary Care Development Project Template pdf

Headline / Purpose
Add here a catchy title that clearly articulates the service development undertaken- what locality
Add the name/s and contact details for those who know more and can provide more information

Image
A Photo, a graph, something which shows what you are doing / achieving

Pain
Describe briefly the problem or challenges – why was this a priority?

Stats & Facts
Add here bullet point facts, data, achievements

Vision
Describe here what it is you set out to do, what did you want to achieve

Solution
What did you learn, what did you achieve, what have you got that you could share with others e.g. job descriptions, policy, flow chart, read code template, single action tender etc.
Embed key documents e.g. JDs

Lessons Learnt
What particular barriers did you face and how did you overcome them?

Final Catchphrase
What is the one take away achievement...a quote is always good from a service user or clinician
