

## Forthcoming Events

### Half-Day SCA Prep Course

Wednesday 8 May, 09:10 - 13:00

Wednesday 8 May, 13:30 - 17:15

Online via Zoom

This is a short, intensive half-day course because we realise how difficult it is to concentrate for prolonged periods online.

It is delivered by experienced RCGP examiners and Training Programme Directors and focuses on the consulting skills which are most likely to improve your performance in the SCA exam, and for the rest of your career.

Large group discussion of the skills is supplemented by small group work to practice these skills.

Work to be completed before the course will ask you to consider the importance of various consulting skills. This will include a video discussing one aspect of consulting. There will also be time for questions during and following the course.

Pricing: Members - £128 | Non-members - £154.

### All Wales Cancer Study Day

Wednesday 22 May 2024 | 09:00 - 17:00

In person, National Imaging Academy Wales, Bridgend

In association with Cardiff University and Macmillan Cancer Care, RCGP Wales are pleased to offer this in-person, all-Wales cancer study day aimed primarily at practicing GPs, including trainees. The day will provide an update on several key cancers and their pathways, how to use the right language when talking to patients and highlighting the importance of immunotherapy impacts in primary care.

The key areas covered:

- Metastatic breast cancer pathways
- Transgender medicine
- Choosing the right language
- Immunotherapy
- Primary care lung health checks
- Oncology overview, radiotherapy, changing landscape

Pricing: AiTs £30 | Members £40 | Non-members £65
