

24/7

	Outputs & Products	Description	Date launched:	Coordinating work stream:
1	Dental Toolkit to Support COVID-19	This toolkit compiles information that has so far been released and offers guidance and supporting information to enable the continuity of services by dentists at this unprecedented time of pressure. The bulk of the information used in this toolkit is contained in the "Red Alert Phase Escalation" document provided by the All Wales Clinical Dental Leads COVID-19 Group v1.01 03.04.2020 which has been adapted into the toolkit format.	24th April 2020 Release of Primary Care Dental Services COVID-19 Toolkit	24/7
2	Optometry Toolkit to Support COVID-19	This toolkit compiles published information and offers guidance and supporting information to enable the continuity of services by optometry practices throughout COVID-19.	23rd April 2020 Release of Optometry Practice Services COVID-19 Toolkit	24/7
3	Survey to record GP feedback	Following the DES offered to general practices over Easter 2020; the programme seeks to understand the GP experience. Content included: Who took part in the DES <ul style="list-style-type: none"> • Volume of activity (ie number of house visits, video consultations, telephone consultation and in-practice appointments) • GP experience (worthwhile or not) • If they would take part again Survey live dates: 22 – 29 April 2020.	22 April 2020 (via HoPCC network)	24/7
4	Community Pharmacy Toolkit to Support COVID-19	This toolkit compiles information in relation to Welsh Government objectives for pharmacy, throughout COVID-19. It offers guidance and supporting information to enable the continuity of services, along with practical tips and templates to help contractors navigate their way through the process.	15th April 2020 Release of Community Pharmacy Contractor COVID-19 Toolkit	24/7
5	Primary and Community Care Implementation	This provides an All Wales picture of primary care plans (from a GMS perspective) to implement the primary and community COVID-19 pathway, particularly component 2	7th April 2020	24/7

	Planning for COVID-19	around home, GP surgery or cluster hub multi-professional team responses to their cluster populations.		
6	Winter planning Framework 2019-20 Framework Template	This work is a co-ordinated consensus view from across all Directors of Primary Care on the key themes to improve winter planning.	Issued via a letter from Simon Dean and Albert Heaney, 2 September 2019.	24/7 Model
