

Strategic Programme for Primary Care

Strategic Programme for Primary Care Fund 2022 (SPPC Fund)

Section 1 – Overview

Health Board	Swansea Bay UHB
SPPC Fund allocation	£473,000.00
Number of projects to be funded	2

Section 2 – Projects to be funded *Add further tables for any additional projects*

Project 1

SPPC Fund alignment 2022	ACD Programme	Obesity	Other
Project title	Diabetes Prevention Programme		
Budget for this project	£170k		
Short project description	To deliver diabetes prevention interventions in additional 3 Clusters in SBUHB.		
Key objectives of this project	<p>To deliver a brief intervention model of diabetes prevention within identified Clusters.</p> <p>To reduce number of people developing Type 2 Diabetes within identified Clusters.</p> <p>To evaluate additional models of delivery including virtual /video consultation and group education.</p> <p>To increase access to weight management interventions within Clusters.</p>		
Start date	April 2022	Expected End date	
How will you monitor and evaluate this project?	<p>The project will be monitored using the minimum data set of the All Wales Diabetes Prevention Programme.</p> <p>Number of people eligible for intervention completing programme:</p> <ul style="list-style-type: none"> -At baseline and 12 months -Weight, Height and BMI -HbA1c <p>Referral to weight management services, and NERS.</p>		
Describe how this project differs to what is already in place locally or what has been tested elsewhere?	<p>The project will expand the implementation of the All Wales Diabetes Prevention model into an additional 3 Clusters. There is currently no delivery of structured pre diabetes interventions within these identified Clusters. The project will support the evaluation of the AWDPP within SBUHB and scale the role out of the All Wales intervention across a wider population.</p>		

Project 2

SPPC Fund alignment 2022	ACD Programme	Obesity	Other
Project title	ACD Development Programme		
Budget for this project	£303k		
Short project description	To implement Accelerated Cluster Development Programme across SBU		
Key objectives of this project	<p>Implement new model of accelerated cluster development and revised governance ensuring primary care at the heart of local planning and commissioning – including:</p> <ul style="list-style-type: none"> • Alignment with HB and RPB structures • Establishment of Professional Collaboratives across four contractor professions and potentially nursing and AHP. • Establishment of Pan Cluster Planning Groups • Refinement of local Cluster structure to implement ACD model. • Ensure continued engagement of primary care and build on the strengths of primary care Clusters. • Deliver ACD via structured Project Management approach. • Ensure Workforce in place to deliver functions within revised ACD structure. • Deliver Workforce and OD programme to support transition • Develop and implement a communications plan to support ACD implementation. • Deliver on regional Cluster IMTP (2023/24) via the newly established PCPG/s. • Explore new cluster level delivery models (e.g. potentially via CIC). 		
Start date	April 2022	Expected End date	
How will you monitor and evaluate this project?	<p>New governance structure aligned to HB and RPB and in line with National ACD programme implemented.</p> <p>Establishment of Pan Cluster Planning Groups and professional collaborative/s.</p> <p>Communication strategy developed and implemented. Appointment of professional Cluster Leads.</p> <p>Improved aligned and integrated HB, Cluster and RPB planning.</p> <p>Uniform delivery of Cluster level activity across Regional PCPG.</p> <p>Strengthened voice of primary care within planning and commissioning processes.</p> <p>Monitor implementation of 2021/2022 Cluster IMTPs.</p>		

	<p>Production of local integrated plan 23/24.</p> <p>Monitoring new and mainstreamed service improvements on a regional level.</p>
<p>Describe how this project differs to what is already in place locally or what has been tested elsewhere?</p>	<p>Better integration between cluster/ HB and Regional planning structures.</p> <p>More senior Health Board/ Social Services liaison with Clusters.</p> <p>Additional clinical leadership sessions (GPs/ Dental).</p> <p>Embed and strengthen pilot of Dental / Optometry Cluster Leads.</p> <p>Facilitate engagement and attendance in Dental / Optometry collaborative by individual practices.</p> <p>Newly formed Pan Cluster Planning Groups.</p> <p>Project management support to implement ACD.</p> <p>Communications support to support ACD.</p> <p>Transforming current governance and integrated structures to ensure Clusters at heart of system wide planning.</p>
